Guidelines for the Poster Teaser Sessions

2 Slides, 1 Minute | Deadline 10 March

During the poster teaser session, each presenter will have an opportunity to capture the audience's interest, introduce themselves and their projects, and spark a dialogue with a 1-minute pitch using at most two slides.

Be creative! You will not be able to summarize your poster in 1 minute. And the time limit is meant literally: <= 60 seconds! It is better to concentrate on succinctly presenting why others might be interested in learning more about your work (and not on speaking faster ☺).

Please submit a pdf file with two slides at the maximum:

- **Slide 1:** The first slide is supposed to show the title of the poster, your name and affiliation (including the logo of the cluster/institute) plus logos, an illustration, or cartoon….
- **Slide 2:** The second slide addresses three main points of your poster. (But not a summary of your work!)

All poster teaser slides will be displayed by the event organizers from one file. Thus, it's vital that we collect all slides by 10 March.

Requirements:

- File Types: PDF max. 2MB
- File Name: AffiliatedCenter_LastNamePresenter_PosterTeaser.pdf
  (e.g. TUD_Curie_PosterTeaser.pdf)
- Submission via Email at ctqmat@tu-dresden.de
